

Top 5 Reasons to Choose Unitrends

RECOVER MORE

1 Recovery, Recovery, Recovery

Backup is easy. Recovery is what matters.

- Physical and virtual appliances built for easy recovery.
- Recovery Assurance (with ReliableDR).
- P2P, P2V, V2V, V2P.
- Dissimilar bare metal.
- Instant recovery of VMware, Hyper-V, and Windows.

2 Agile and Adaptable

- On-premise protection for fast recovery.
- Local archiving for long-term retention.
- Off-site replication, including to the Unitrends Cloud.
- Cloud-based Disaster Recovery Services.

3 Crazy-Committed Service

Unitrends has a culture and history of premium support for global customers.

- 98% customer satisfaction rating.
- Average 3 rings to a support engineer (not to a dispatcher).
- Unitrends Pledge—innovative appliance replacement program.

4 Unified Data Protection

- All-in-one solution—integrated backup, replication, and instant recovery.
- Adaptive deduplication.
- File compression and encryption.
- Incremental forever, as often as 15 minutes.

5 Heterogeneous

- Protects over 120 operating system versions—physical, virtual, and deep virtual.
- Single pane of glass for easy management.
